

Fiido D3 pro, best value E-bike under \$700

Fiido D3 Pro is an e-bike with a compact size released in Jan 2021. With two years of positive feedback from the market and our user base, D3 Pro has gained a great reputation with its paramount riding experience.

D3 Pro was designed to be a value e-bike fitting different ages and different heights, with a light body that is foldable. Its use can span commuting, leisure, sports, or any other shorter trips.

The design of the D3 Pro stays true to Fiido's minimalist roots, featuring clean and smooth lines. A one-size-fits-all e-bike equipped with a step-through frame, D3 Pro is user-friendly for anyone between 5.0 and 6.0 feet, spreading the fun of riding to everyone. It can be easily carried by a typical female user given its weight of 17.5kg, the lightest on the market.

D3 Pro comes with a 250W motor and a 36v, 280.8Wh battery that can be fully charged in 5 hours. Lasting 37.2 miles per charge on pedal-assist, D3 Pro is the best e-bike for urban commuters new to e-bikes.

Key features:

- One-size-fits-all e-bike for anyone between 5.0 and 6.0 feet
- 37.2 miles range(pedal-assist)/15.5 miles range(throttle)
- Throttle is optional
- Fully charged in 5 hours
- 36V 280.8Wh battery
- IP54 waterproof
- 250w motor
