

Fiido Unveils Nomads Pro: A 100Nm Mid-Drive Touring E-Bike with Up to 225km Range

BERLIN, GERMANY — June 23, 2026

Fiido today introduced the Nomads Pro, a touring e-bike designed to bridge everyday commuting and long-distance adventure riding through a combination of high-torque mid-drive performance and expandable battery capacity, starting at €1,999.

Efficient Urban Commuting, Tailored Energy Freedom

More than a commuter, the Nomads Pro is a reliable adventure partner. Its 100Nm mid-drive motor delivers steady torque to conquer steep inclines and heavy payloads, making demanding urban hills or loaded mountain treks feel effortless.

The unique dual-battery rack is a standout feature of the Nomads Pro, making range anxiety a thing of the past:

Single Battery: Provides a 75 km (47 miles) of range, perfect for daily commuting and short trips.

Unique dual Battery rack: The battery rack can accommodate two additional batteries, extending the range to up to 225 km (140 miles) for long-distance riding. Whether joining a group ride or heading out solo, the Nomads Pro effortlessly adapts to your energy needs.

Comfort, Control and Cross-Terrain Capability

Designed for comfort over long distances, the Nomads Pro combines a 120mm air suspension fork with 29-inch wheels to smooth out rough terrain and maintain confident momentum across varied surfaces. Aggressive tread tires provide dependable grip, while the 9-speed drivetrain delivers seamless gear transitions, allowing riders to move effortlessly between urban streets and extended touring routes.

For everyday practicality, integrated fenders and a frame lock add convenience and security to daily city riding.

The adjustable handlebar and saddle allow quick adjustments, ensuring a perfect fit for riders of different heights.

Practical Design for Everyday Use

The Nomads Pro is built around a clean, welded aluminum frame with integrated lighting that turns with the handlebars to illuminate the direction of travel.

With a total payload capacity of 120 kg (264 lbs), it is designed to support both commuting needs and weekend touring gear.

Positioned Between Commuting and Touring

The Nomads Pro is built for riders who want one e-bike capable of doing it all. Blending touring capability with everyday practicality, it seamlessly transitions from weekday commutes to weekend adventures, reducing the need for multiple vehicles and supporting a simpler, more sustainable lifestyle.

Pricing and Availability

The Fiido Nomads Pro will be available in medium and large frame sizes to ensure optimized rider fit.

To provide customers with more convenient service and support in Europe, EU-market units will be made in France. Customers can choose between a Standard configuration for commuting or an Extender package featuring a dual-battery rack for extended touring capability.

Official Price: €1,999 for Standard and €2,699 for Extender

Technical Specification

Basic Info	Product Name	Nomads Pro
	Color	Silver
	Product Size	M: 1943*740*1120 mm L: 1983*740*1120 mm
	Tire Size	CST 29*2.1" inch
	Saddle Height	M: 850 ~ 1020 mm / 33.5 ~ 40.2 in L: 900 ~ 1080 mm / 35.4 ~ 42.5 in
	Net Weight	26.2kg / 57.8 lbs
	Package/Gross Weight	31.8 kg / 70.1 lbs
	Maximum Load	120 kg / 264.6 lbs
	Rider Height Range	M: 170cm (5'7") - 185cm (6'1") L: 180cm (5'11") - 200cm(6'7")
Vehicle Parameters	Frame Material	Aluminum
	Gear System	Shimano CUES U3020-9S
	Brake Type	HDM-5 Four-Piston Hydraulic Disc Brakes
	Drive System	Mid-Drive Motor

	Pedal Assist	Mivice X700 Torque Sensor
	Suspension Type and Travel	Front Suspension: Air Suspension Fork, 120mm Travel
	Top Speed	25 km/h (15.55 mph)
	ECO Range (Pedal Assist)	Standard: 75 km (47 miles) Three Battery: 225 km (140 miles)
	Water Resistance	IP54
Battery Parameters	Battery Voltage	36V
	Battery Capacity	Standard: 417.6 Wh / 11.6AH Three Battery: 3 × 417.6 Wh (Total: 1252.8 Wh)
	Low Voltage Protection	29±1 V
	Battery Type	Li-ion battery
	Removable Battery	Yes
	Charging Time	6 hours
Motor Parameters	Rated Power	250W Mivice X700 Mid Drive Motor
	Torque	100 Nm
Other	Headlight	LED
	Tail Light	LED
